

White Styrofoam

Lightweight and easy to handle.

Consistent texture through and through, without gaps and holes.

Easier to cut, shape, glue, paint and cover than any expanded polystyrene.

Finely textured surface provides a smoother finish for model making projects, whether painted or covered.

White styrofoam is available in 3 sizes: RF31003 83x590x1000
RF31004 83x500x600
RF31005 83x295x330

White styrofoam can be purchased under our 'Multi Save' scheme:
5-9 units = -10%, 10-19 units = -15%, 20+ units -17.5%

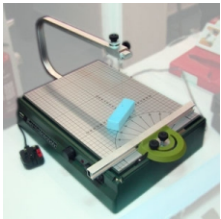

Other styrofoam colours available:

Blue: 1mm to 150mm thick
Pink: 25mm to 75mm thick
Green: 25mm to 50mm thick

see www.modelshop.co.uk for details

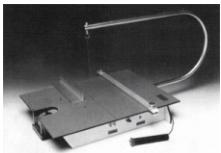

Styrofoam tools and accessories

TK30032
